

Before we get to the important information allow me to say this:

My name is Joseph (Joe Gag) Guagliardo

I am the Chief Operating Officer (C.O.O.) - As such it is my responsibility to be sure that the desire of the President and the projects of the Board are fulfilled and in what manner they will be performed. At this time I must inform you our members that a past member of the board has been "spamming" the members. It was his ranting and rhetoric that prompted the board to disavow ourselves from him Due to impromptu changes in the association, prior to Vic's presidency, he was trusted member, now it appears he kept emails to continue his nonsensical rants. I can assure you that your emails and any information we have is now safe, it is not sold or turned over to anyone other then those who sign confidentiality agreements.

The following information is sent to you by Gary Gorman however it is released through the same computer that holds your information. Not even Mr. Gorman has your information. When the new renewals come in your information will be updated and the paper destroyed to better control your information.

We appreciate your membership, none of us are paid and we keep you informed monthly if not more when you have emails.

Our plans for the future include a quarterly snail mail newsletter but still feel this is the best way to go, for those of you with email addresses. We will NOT allow anyone not even board members to have your information and that we guarantee.

On behalf of the President and the rest of the board I apologize, that this ex-board members has abused his position and that this spammer who is disgruntled about everything and everyone has been sending out mis-information by using some of your email addresses. We hope to see you at the Staten Island Meeting on October 16, at the Buffet and we need to visit our website frequently. Please send in your dues as we have sent out your renewals and want to get you're your 2010 credentials and calendar as soon as possible. Be safe and God Bless.
